The PMAD Encounter Form will appear

A screenshot of a medical software interface. The background shows a patient record for 'Walter S. Caldwell', 67 years old, male, with a date of birth of 03/02/1944. The interface includes a menu bar with 'Go', 'Actions', 'Options', and 'Help'. Below the menu is a toolbar with icons for 'Desktop', 'Chart', 'Appts', 'Reg', 'Reports', 'LinkLogic', 'New', 'View', 'Print', 'Help', and 'EXIT'. The main content area is partially obscured by a dialog box titled 'PMAD Import w Review 2: Walter S. Caldwell'. The dialog box has two tabs: 'Review' (selected) and 'Not Imported'. It contains several sections for data import: 'Data Import Note' with a yellow highlight on '(LCC Import Data)' and a link for 'Add All Note Translations'; 'Problems Imported' with an 'Add to Note' checkbox and an 'Update Problems...' button; 'Medications Imported' with an 'Add to Note' checkbox and an 'Update Medications...' button; 'Allergies Imported' with an 'Add to Note' checkbox, a 'Set NKA' button, and an 'Update Allergies...' button; 'Directives Imported' with an 'Add to Note' checkbox and an 'Update Directives...' button; and 'Observations Imported' with an 'Add to Note' checkbox and an 'Update Observations...' button. At the bottom of the dialog, there is a version number 'v2.00.2 (2)', a radio button for 'Do not show this form again', and buttons for 'Prev Form (Ctrl+PgUp)', 'Next Form (Ctrl+PgDn)', and 'Close'. The Windows taskbar at the bottom shows the system clock as 4:18 PM on 4/26/2011.
